## Deconstructing Stereotypes: The Mitchell Museum

by Stacy Flannery (<http://jwcdaily.com/evanstonmagazine/author/stacy-flannery/>) • January 2, 2017 •

In partnership with the City of Evanston, and with support from the Evanston Arts Council and Evanston Community Foundation, the Mitchell Museum of the American Indian held a reception to celebrate its newly opened exhibit entitled Deconstructing Stereotypes: Top Ten Truths about Native Peoples. Held at the Evanston Civic Center, the evening included a presentation about the year-long exhibit, as well as an award presentation to honor Mayor Elizabeth Tisdahl for her generous support of the museum during her time in office.
