OUR NEWS

Congratulations to Monique Brunson Jones!

Monique Brunson Jones

And speaking of leaders, CFW is proud to announce that Monique Brunson Jones, Director of Programs, has been

appointed the new President/CEO of the [Evanston Community Foundation](#). Monique has contributed immensely to CFW's programs, including to the growth of the Women's Leadership Development Initiative (WLDI). Monique understands that better social impact outcomes depend on better leaders, and through her leadership, WLDI has trained over 150 nonprofit professionals from CFW grantees every year to become resilient and effective leaders. It's bittersweet as Monique will be missed at CFW, but we are all thrilled for her as she takes this well-deserved position in what we know will be a remarkable career.
